INFORMATIONAL GUIDE

ESTATE SERVICES WHICH  
EFFECTIVELY MANAGE YOUR  
LOVED ONE'S ESTATE

## It's Difficult...

Selling your loved one's possessions is not an easy task. Your loved one wanted you to benefit from what they left you... but separating from those items which remind you of that person is difficult. Having an emotional attachment will prevent you from maximizing profit from the sale...

## This is where we can help!

We can provide you the following services:

- **FULL Service Estate Sales**

Start to Finish... You don't need to do anything but sign the agreement. At this point we can appraise the finer pieces, price the household goods, advertise and execute a sale based on your needs. We can even clean up after the sale and see that leftovers are handled appropriately.

- **Cleanout**

If the home doesn't have "resalable" goods, we can cleanout the home and leave you an empty and clean home with a donation/tax receipt.

- **Inventory and Appraisals**

Need to know what you have? We can document your items and let you know what you could expect to make in an estate sale.

## Why should you consider **US?**

Action Estate Sales LLC is an insured and experienced ally in estate liquidation. Our featured services set us apart from other companies. These features include:

**We accept all major credit cards** at our estate sales which maximizes our ability to get top-dollar for your items! **Experts** appraise your antiques and collectibles. **We can "eBay"** your high-value, collectible items. Michigan's economy isn't the best to liquidate antiques and collectibles. Let us expand the market by exposing these smaller high-value items to the world through **eBay**!

Reducing Your Stress: Why not let the experts handle the details and leave your time for the important things that you do best!
